ePrescribing

Guilford Orthopaedic and Sports Medicine, A Division of Southeastern Orthopaedic Specialists are in the process of implementing ePrescribing in each of our offices.

ePrescribing is a federally mandated initiative that requires all physicians prescribe in this manner by 2011.

ePrescribing software sends prescriptions over the internet to your pharmacy in a safe secure way, through the same technology used by credit card companies. This helps protect the privacy of your personal information.

ePrescribing software also lets your doctor see important information-like drug interactions and your prescription history.

The benefits to you:

- Less confusion over handwritten prescriptions or unclear phone calls.
- Reduced possibility of medical errors.
- Less chance of adverse drug reactions.
- Fewer trips to drop off at the pharmacy.
- A safer, faster, easier way to get your prescriptions filled.

Patient Consent:

I agree that Guilford Orthopaedic and Sports Medicine, A Division of Southeastern Orthopaedic Specialists may request and use my prescription medication history from other healthcare providers or third party pharmacy benefit payors for treatment purposes.

Southeastern Orthopaedic Specialists, PA

Financial & Insurance Policies

**Murphy Wainer Orthopedics, Sports Medicine and Joint Replacement Center,
Guilford Orthopaedics & Sports Medicine Center, Piedmont Orthopedics**

Insurance co-pays are due at the time of your appointment and will be collected at check in. Your insurance policies may require you to make a copayment for an office visit and/or medical service, therefore payment is required on the date of service.
A $20.00 service fee will be charged if the co-pay is not paid at the time of service.

The payment collected at the time of service is an estimate based on the information available to us at the time of service. Any remaining balance after the patient's insurance processes and pays the claim is the responsibility of the patient.

No show fee of $25.00 may be charged for a missed appointment not cancelled 24hrs in advance of appointment.

Urgent Care Visits: $50.00 fee will be charged to your insurance which may or may not cover this fee. You will be responsible for any portion not covered by your insurance.

We are contracted with most major insurance carriers. **It is the patient's responsibility to verify benefits/limitations and physician participation with their carrier.** Many insurance companies require authorization for visits. If required, please obtain authorization prior to your visit. **Failure to provide authorization may result in the rescheduling and/or cancellation of your appointment.** There may be services provided that your insurance carrier will not cover. Please verify and understand your benefits. **You agree to pay any portion not covered by your insurance carrier.**

Payment requirements if you have NO insurance: A minimum deposit of $250.00 is required at check in of the initial visit. All other charges are due at time of service unless other arrangements are approved by us in advance in writing.

Patient Balances: When you receive a statement from our facility, payment is due upon receipt of the statement, unless other arrangements have been approved by the facility in writing.

A $25.00 service fee will be charged for returned checks. This charge will be applied to your account and is due immediately.

Collection Agencies: Patients who do not respond to our efforts to collect an overdue balance may be turned over to an outside collection agency. If this becomes necessary, we will attach a 25% collection fee.

All patients are required to present with a valid Photo ID at check in. A minor child (under 18) must be accompanied by a parent or legal guardian who will present their Photo ID. **NEW PATIENTS UNDER THE AGE OF 18 MUST BE ACCOMPANIED AT THE FIRST VISIT WITH PARENT OR LEGAL GUARDIAN.** At the follow up appointment the MINOR may attend themselves **WITH A WRITTEN STATEMENT PROVIDING AUTHORIZATION TO TREAT MINOR WITHOUT PARENT OR GUARDIAN. This would be required at each visit.**

Divorce: In cases of divorce or separation, the parent authorizing treatment for the child/children will be the parent responsible for charges. If the divorce decree requires the other parent to pay all or part of the treatment cost, **it is the authorizing parent's responsibility to collect from the other parent.**

I have read this Financial Policy and understand that I am ultimately responsible for the charges incurred.
